Where clients that enrolled into projects were living prior to entry.

**Entries from Homelessness Trends**

Percentage of beds and units occupied by month.

**Unit Utilization Trends**

Percentage of clients that exited to a successful destination for that project type.
Percentage of adults that increased their income. For stayers, only adults enrolled for at least one year that were active at the end of the month were counted. For leavers, only adults exited during the month were counted.

Average number of days between the client's Project Start Date and Housing Move-In Date.

Average number of days between the client's Project Start Date and Report End Date (or Project End Date).
Percentage of clients that remained in PSH or OPH at the end of the month or exited to a permanent housing situation during the month.

Number of unduplicated clients placed in permanent housing situations. This includes clients that exited projects to permanent housing situations, as well as clients that were placed in units in Permanent Supportive Housing or Rapid Re-housing projects.

Number of households on the Coordinated Entry Prioritization List with a survey date during the month.
Number of assessed and document ready households on the Coordinated Entry Prioritization List. There were 808 households on the Prioritization List waiting for housing at the end of this quarter.

Number of assessed and document ready clients on the Coordinated Entry Prioritization List at the end of the month by subpopulation.

Average number of days between the client’s Survey Date and the last date of the month for assessed and document ready clients on the Coordinated Entry Prioritization List.
