**Orange County CoC Goal:** 100% of heads of household enroll in Street Outreach projects from homeless situations.

**Why?** Enrolling clients from literal homeless situations is important because clients experiencing literal homelessness are among the most vulnerable of all Orange County residents experiencing homelessness.

# Goal 2 - Decrease Length of Stay in Temporary Shelter & Outreach

## Goal 2 Scores

Threshold: <=65 Days

| Project Type Score | Chronically Homeless | Veterans       | Households with Children | Households without Children | Households with only Children |
|--------------------|----------------------|----------------|--------------------------|-----------------------------|-------------------------------|
| 85                 | 99                   | 115            | 82                       | 89                          | 43                            |

**Orange County CoC Goal:** Street Outreach project enrollments are no longer than 65 days from project entry to project exit.

**Why?** Clients in Street Outreach projects are experiencing literal, unsheltered homelessness, which makes this population particularly vulnerable. Although the purpose of Street Outreach projects is to provide critical services to clients who are "unwilling or unable to access emergency shelter, housing, or an appropriate health facility," the ultimate goal of Street Outreach projects is to move people to sheltered or permanent housing situations.

**Orange County CoC Goal:** At least 10% of Street Outreach enrollments exit to a successful situation.

**Why?** Because clients in Street Outreach projects are experiencing literal, unsheltered homelessness, it is important to provide people with sheltered situations.

# Goal 10 - Ensure Clients Do Not Fall Back Into Homelessness after being Housed

## Goal 10 Scores

Threshold: <=15%

| Project Type Score | Chronically Homeless | Veterans | Households with Children | Households without Children | Households with only Children |
|--------------------|----------------------|----------|--------------------------|-----------------------------|-------------------------------|
| 7%                 | 5%                   | 4%       | 3%                       | 8%                          | N/A                           |

**Orange County CoC Goal:** No more than 15% of clients who exit from a Street Outreach project to a permanent housing destination subsequently return to homelessness.

**Why?** Returning to homelessness after being placed in a permanent housing situation is traumatizing for clients.

Efforts to make sure clients can maintain the permanent housing situation they are exited to should be prioritized. In addition to being a traumatic experience for clients, re-housing clients who could not maintain the permanent housing situation they were exited to represents resources spent on the same client that could have been used to place another client into permanent housing.
