

Pre-Assessment Screening

The goal of the Pre-Assessment Screening is to help the CES Virtual Front Door and access points identify whether the individual or family **may be or may have been** a victim or survivor of domestic violence (as defined by HUD) so that staff can offer a referral to victim service providers and/or CES for survivors.

- These questions are intended for adults over age 18.
- Questions should be asked in a private one-on-one setting.

Introduction

If any urgent safety needs are identified prior to beginning the Pre-Assessment Screening, immediately offer a connection to the local police or a Domestic Violence Hotline. Prior to beginning the Pre-Assessment Screening, provide a brief explanation of the Pre-Assessment Screening.

Sample Script

To learn more about your housing situation, I want to ask you some questions about whether you feel safe or are in danger right now. These are questions that I ask everyone because these issues are very common, and I want to ensure that you are connected to services that best fit your individual needs. Based on your answers, I may offer you referrals to specific resources. It is always your choice where you accept a referral to work with another program or continue talking to me about your housing situation. Your answers will not affect your eligibility for housing assistance. You will have the same ability to access housing as anyone else regardless of how you answer these questions.

*Anything you share today remains confidential. I will not call the police or do anything with this information that you don't want me to do. **DISCLOSE ANY MANDATED REPORTER EXCEPTIONS***

For Reference: HUD DEFINITIONS

Definition of Homelessness: Category 4

Any individual or family who is fleeing, or attempting to flee, domestic violence; has no other residency; and lacks the resources or support networks to obtain permanent housing.

Definition of Domestic Violence

"Domestic Violence" includes dating violence, sexual assault, stalking, and other dangerous life-threatening conditions that relate to violence against the individual or family member that either takes place in, or him or they are afraid to return to, their primary nighttime residency (including human trafficking).

VAWA's 2022 Reauthorization expanded the definition of "domestic violence" to include any felony or misdemeanor crimes committed by a current or former spouse or intimate partner pursuant to domestic violence laws in jurisdiction receiving grant funding; or the use or attempted use of physical/sexual abuse, or any other coercive behavior used to maintain verbal, psychological, economic, or technological abuse. The abuser can be anyone who is a current or former spouse, intimate partner of the survivor, or a person in the position of a spouse/intimate partner of the survivor; is living with or who has lived with the survivor as a spouse or intimate partner; or commits acts against youth or adult survivor who is protected from acts defined by the jurisdiction's family or domestic violence laws.

Economic abuse is behavior that is coercive, deceptive, or unreasonably controls/restrains a person's ability to acquire, use, or maintain economic resources; restricting a person's access to money, assets, credit, or financial information; unfairly using a person's personal economic resources for one's own advantage; or exerting undue influence over a person's financial economic behavioral or decisions, including exploiting powers of attorney, guardianship, or conservatorship.

Technological abuse is an act or pattern of behavior that occurs within domestic violence, sexual assault, dating violence, or stalking, and is intended to harm, threaten, intimidate, control, stalk, harass, impersonate, exploit, or monitor another person using any form of technology (i.e. social media, "revenge porn," emails, WhatsApp messages/texts, location trackers).
