

Orange County Continuum of Care
Homeless Management Information System Client Consent form

Welcome to the Orange County Continuum of Care (CoC).

You are currently accessing services from a service provider/organization participating in the Orange County Homeless Management Information System (HMIS). HMIS is the secure database used to collect and store information about clients served through this service provider/organization. It also allows the sharing of information among HMIS participating service providers/organizations to streamline access to services and help them understand a client's history of homelessness or housing instability. HMIS is managed and operated by Orange County United Way's 2-1-1 Orange County (211OC).

In Orange County, all service providers/organizations that participate in HMIS share data with each other to coordinate care and improve program outcomes. If you agree to participate in HMIS, this means you allow information gathered by a participating service provider/organization to be entered into HMIS and allow all other participating service providers/organizations to view and use your data to provide services to you. Additionally, the service provider/organization will also be able to see what kind of services in Orange County you have received in the past.

A complete list of all service providers/organizations that participate in the HMIS is maintained at <http://ochmis.org/about-hmis/contributing-agencies/>. You can also ask the service provider/organization you are receiving services from for a list of HMIS participating service provider/organization. Please note that the list of service providers/organizations contributing data to HMIS can change frequently and without notice, and therefore the website should be consulted for the most recent list.
