Q&A

To better organize questions the HMIS Help Desk receives during the meeting, our Team recommends that you submit your questions through the Q&A option.

We request that you keep your questions general and related to the topics discussed in the meeting.

Agency specific questions is best supported through a HMIS Help Desk ticket submission, so our Team is able to further investigate and provide assistance for your request.

Updated Privacy Forms

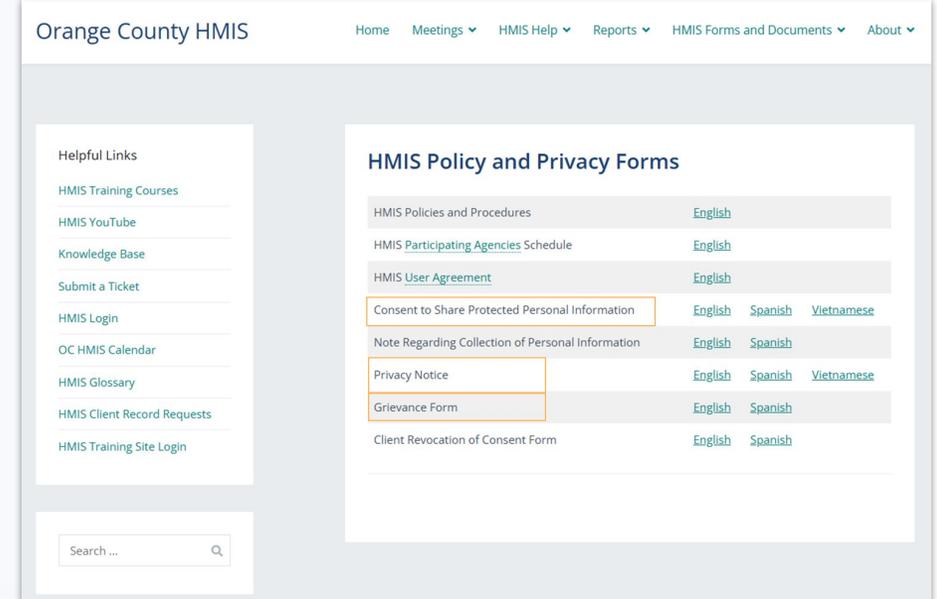

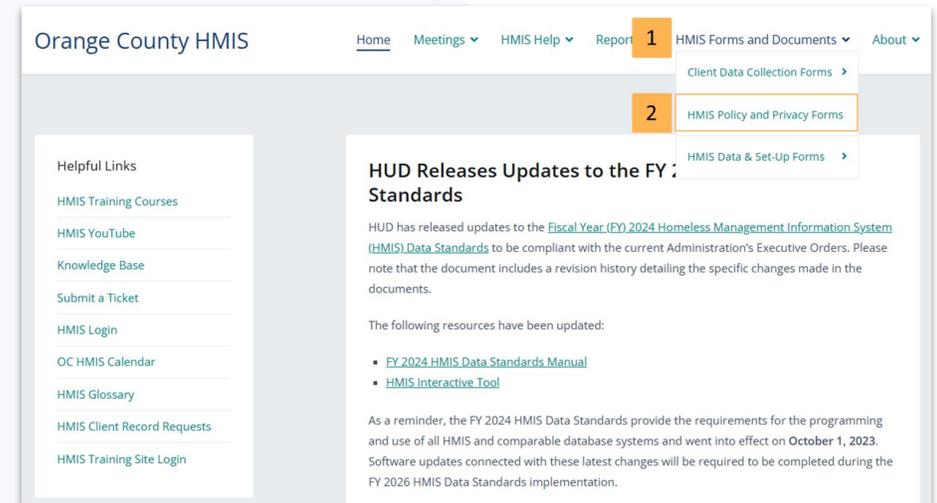

New Privacy Forms are available from the OC HMIS website.

- Consent to Share Personal Information (7/1/25)
- HMIS Grievance Form (05/2025)
- Privacy Notice (05/2025)

HMIS Agency Administrators must update their forms with these latest versions.

To view the latest version of these forms, go to:

- HMIS Forms and Documents and from the drop-down select [HMIS Policy and Privacy Forms](#).

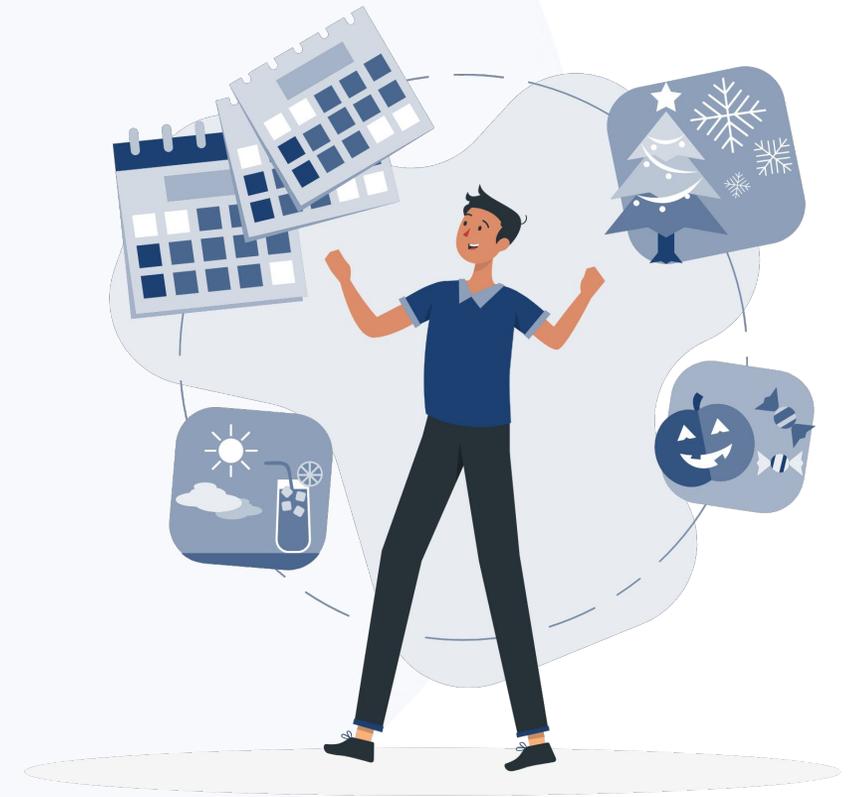

Annual Assessment Overview Report

The Annual Assessment Overview report provides a comprehensive view of the annual assessment statuses. HMIS Users can use this report to track client progress regarding their annual assessments, providing insights into the timely completion of assessments, overdue assessments, and data-related issues to assist with data quality, compliance, and monitoring.

The Annual Assessment Overview report provides a two table output for each project. The Annual Assessment Overview table displays information about the count of specific annual assessment statuses, while the Client Detail table provides a brief summary of a client's project enrollment.

HMIS Users can locate this report by navigating to:
Reports > Report Library > Program Based Reports > [GNRL - 409] Annual Assessment Overview

Graphic by: <https://storyset.com/online>

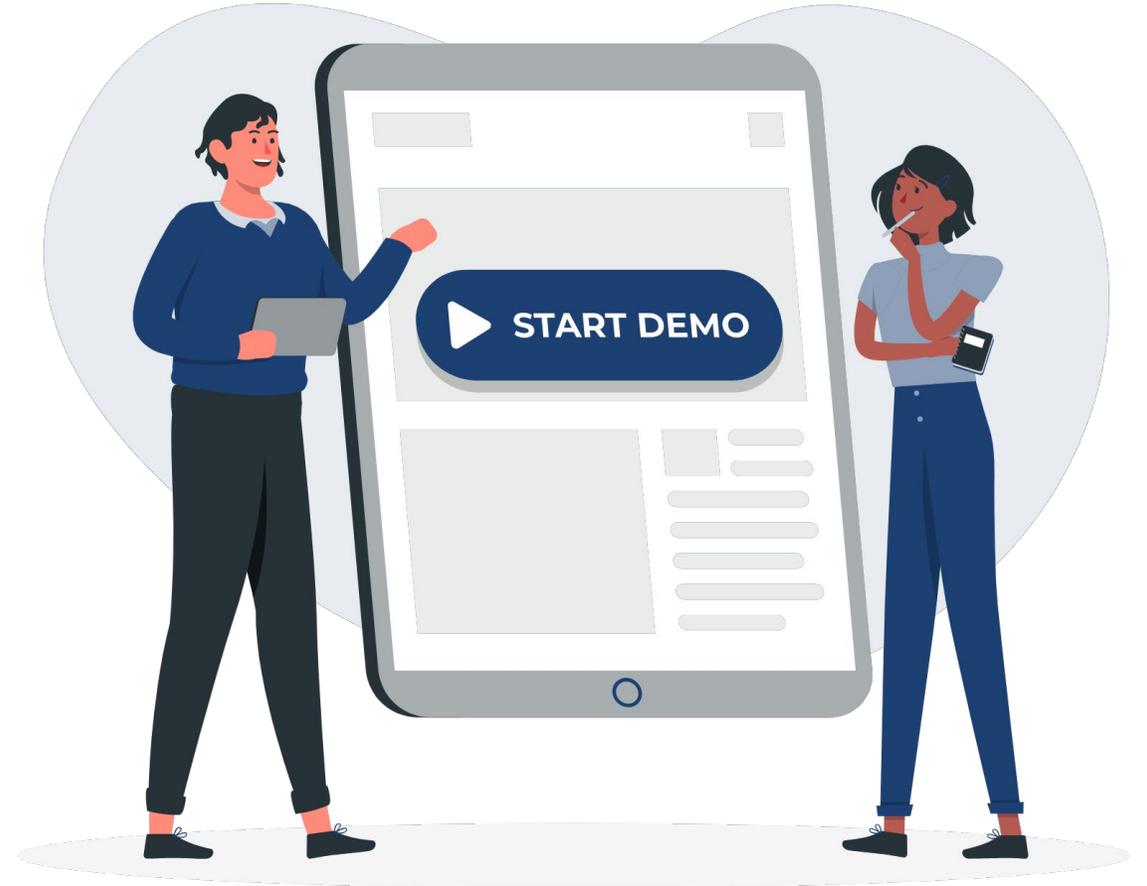

Annual Assessment Overview Table

| Status | Description |
|--------------------------------------|---|
| Completed | Completed within the expected timeline (+/- 30 days from anniversary date) |
| Completed Out of Range | Completed outside of the expected timeline (31+ days from the anniversary date) |
| Past Due | No relevant completed assessment compared to the anniversary date. |
| Due | Assessment Due Date is within +/- 30 Days from the anniversary date. |
| Assessment Window Opening in 30 Days | Assessment Due Date is 31-60 Days Away from the anniversary date. |
| Not Due | Assessment Due Date is 61+ Days Away from the anniversary date. |
| Enrolled Less than 1 Year | Client was exited prior to 365 Days from the anniversary date. |
| Data Issue | Annual Assessment Dates cannot be inferred due to no HoH or other data issues. |
| Exited before HoH's 1st anniversary | Client exited in Report Date Range before HoH's 1st anniversary date. |

Client Detail Table

| Item | Description |
|-----------------------------------|--|
| Length of Stay (LOS) | Calculated as the number of days between the program start date and the exit date. If there is no exit date, LOS is measured from the program start date through today plus one day. |
| Expected Annual Assessment Count | The total number of anniversary due dates for a project stay where either: -Anniversary Due Date falls on or before today -Anniversary Date Status is marked as "Completed" |
| Completed Annual Assessment Count | The number of anniversary due dates for a project stay where the Anniversary Date Status is either "Completed" or "Completed Out of Range" |
| Last Annual Assessment Completed | The Annual Assessment Date associated with the most recent anniversary due date where the Anniversary Date Status is either "Completed" or "Completed Out of Range" |
| Current Annual Assessment Status | Displays a Project Stay's "Current Annual Assessment Status" |
| Next Annual Assessment Due | The nearest upcoming Anniversary Due Date that falls after today |

Annual Performance Report (APR)

All agencies that receive CoC funding are required to submit an APR electronically to HUD every operating year. The APR is submitted through HUD's [Sage HMIS Reporting Repository](#).

The APR is comprised of a series of tables with questions about service levels and outcomes for CoC-funded projects. The final report should be submitted as a single ZIP file, that contains each report question as a separate CSV file.

Agency Admins should run the **HMIS Data Quality Report** in preparation for the APR to preemptively identify any data quality problems. The **APR Submission Preparation Dashboard** should also be run to obtain granular information about problematic enrollments.

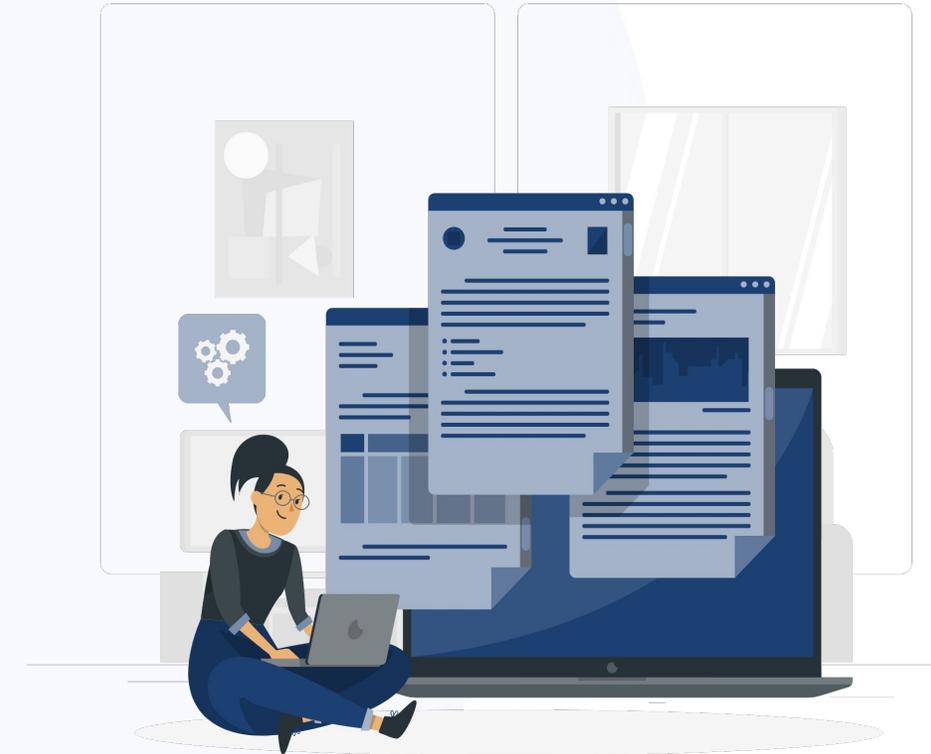

Graphic by: <https://storyset.com/online>

Annual Performance Report (APR)

The following should be taken into consideration as you're reviewing your APR. After running the report, select Web Report Output Format and review the Data Quality tables.

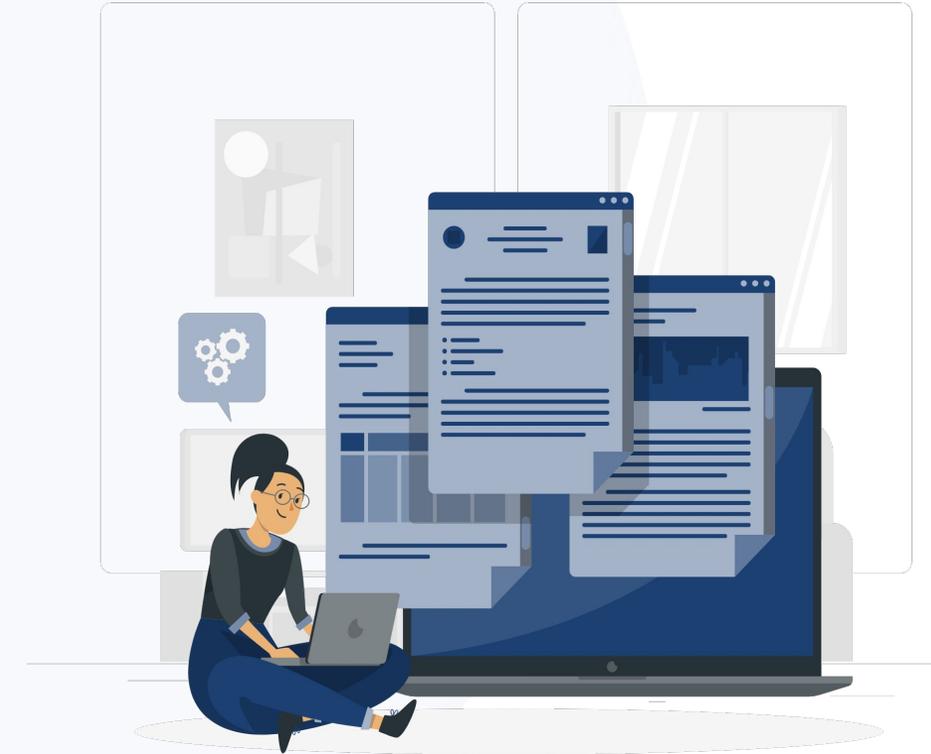

1. Changing the Head of Household (HoH) status - If the HoH changes, the household's annual assessment schedule updates to align with the new HoH's program start date.
 - a. Ensure statuses of each member are updated to reflect relationship to the new HoH
2. Client ages into adulthood - Clients who turn 18 while enrolled in a project must have an income and sources record created for them upon their 18th birthday, even if the client is not receiving any income.

Graphic by: <https://storyset.com/online>

Annual Performance Report (APR)

3. *Q22e Length of Time Prior to Housing and Q26b Number of Chronically Homeless Persons by Household*
 - Sometimes children of HoHs will appear as having *Data not collected*, even though their HoH has it record. This is because children who are entered after the HoH will be counted as *Data not collected*, because the data was initially not collected for them.
 - Another reason children of Head of Households will appear as having *Data not collected*, even though their HoH has this recorded, is because the HoH's *Approximate Homelessness Date Started* was before the child's Date of Birth.

Graphic by: <https://storyset.com/online>

APR Annual Assessment Logic

The APR calculates annual assessments for clients enrolled in a project for more than 364 days using the Head of Household's (HoH) project start date, otherwise known as the anniversary date.

All household members inherit the active HoH's anniversary date, even if they joined the enrollment after the HoH's project start date.

EXAMPLE:

This household has 3 clients outlined below:

Client A: HoH | Project Start Date: 1/1/24

Client B: Spouse | Project Start Date: 6/1/24

Client C: Child | Project Start Date: 6/1/24

The anniversary date for this household will be 1/1, until they are exited.

In 2025, annual assessments should be completed for all household members within 30 days of 1/1/24 even though Client B and Client C had not had a length of stay of 365 days.

APR Reports Navigation

HMIS Users can locate the principle **APR Report** by navigating to: Reports > Report Library > HUD Reports > [HUDX-227] Annual Performance Report

2025 Agency Audits

The 2025 HMIS agency audit cycle has officially begun!

The HMIS Helpdesk team have sent out **July** scheduling tickets. Please be on the lookout for an audit scheduling ticket that our team will be sending out throughout the summer and fall months.

The HMIS Helpdesk team will reach out to your agency 2 weeks before your scheduled timeframe to provide you with a list of available audit dates.

Agency Administrators will have 2 weeks to complete the 2025 HMIS Agency Audit form before your scheduled audit.

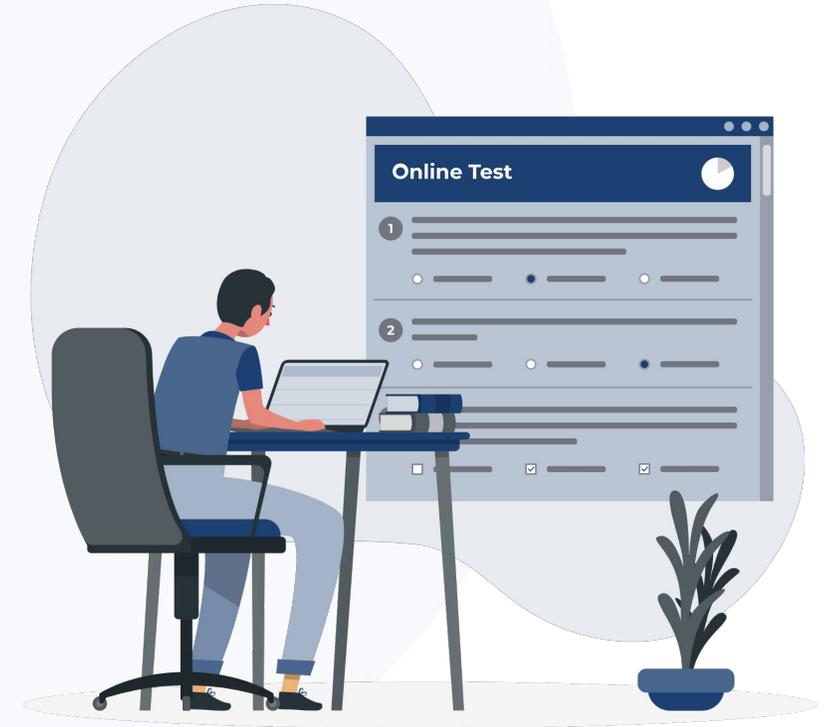

HMIS Part 2 Recertification

The [2025 HMIS Part 2 Recertification](#) is rolling out July 7th.

The 2025 Recertification schedule has been updated and will take place this summer for HMIS users.

- Agency Admins must submit the 2025 HMIS Part 2 Recertification Form for their users by **August 31th** to avoid having their accounts locked until the Recertification is completed.
- All HMIS Users, including Read Only Access, will be required to complete the [HMIS Privacy and Security online course](#)
- Users with data entry access will also be required to take the [2025 HMIS Part 2 Recertification](#)
 - Users with Read Only accounts are excluded from this requirement.

Agency Admins can run the Agency Active Users report to review active users at their agency as needed: Data Analysis > User Management > Agency Active Users.

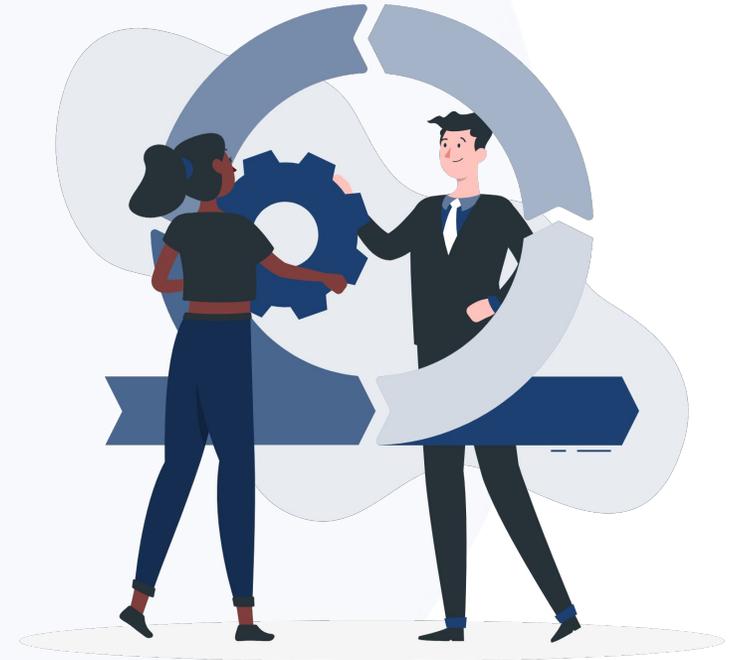

Graphic by: <https://storyset.com/online>

Program Move

If users mistakenly enroll a client in the wrong program, Agency Admins can submit a ticket to the HMIS Helpdesk to perform a *Program Move*, and transfer that enrollment to the correct program.

Agency Admins should not request a *Program Move* for clients who need to transfer enrollments to continue receiving services due to funding constraints. Those clients should have two separate enrollments to maintain an accurate historical record of their enrollment history.

More information about this topic can be found in our [Deleting Program Enrollment](#) KB article

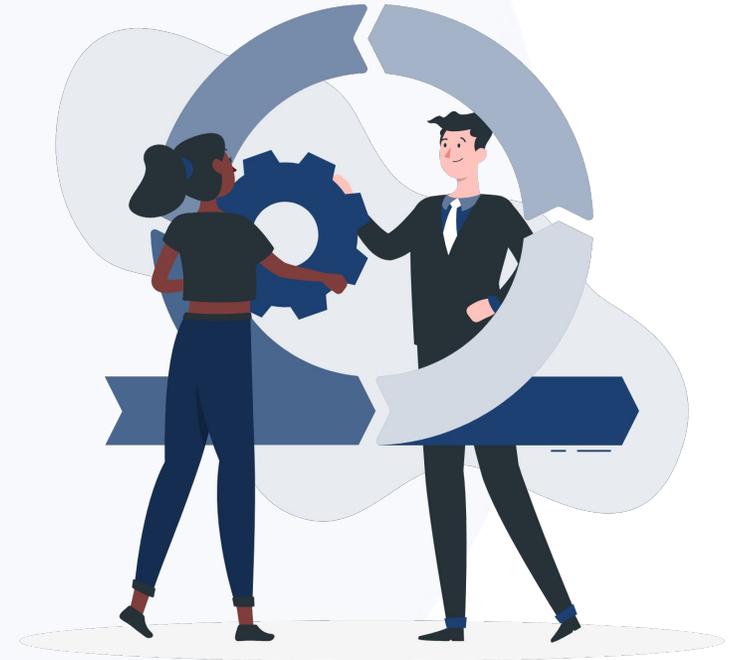

Graphic by: <https://storyset.com/online>

Program Move cont.

When working with enrollments that have Coordinated Entry System (CES) referrals attached, please exercise caution. Agency Admins should never delete an enrollment with an active CES referral.

Instead, a Program Move must be requested. This ensures that the CES referral remains properly linked and the Program Move will reflect the accurate program the client is enrolled in.

This step is critical for maintaining data integrity and ensuring clients remain accurately connected to their referrals and housing placement processes.

Inactive HMIS Account and Training

Clarity automatically locks user accounts after a period of inactivity of **more than 60 days**. Users typically receive a notification two (2) calendar days prior to their account being locked. It is recommended that users set a calendar reminder to prompt them to log in once per month.

Once a user account is locked, an Agency Admin will need to submit a ticket to the HMIS Helpdesk to reset that user's training materials for later reactivation.

Those users will then need to retake the training courses that correspond to their access role as well as the HMIS Skills Test.

Please see the [KB](#) included in the chat to determine which course(s) are needed per access role.
